Mr. Grunnet and Mr. Kester,

My experience with Doug Grunnet and the Autobahn Country Club was top notch. This was some of the most fun I've had in my adult life. As a kid, I often thought about what it would be like to take a vehicle out onto the track and this exceeded my expectations beyond anything that I thought I would ever participate in.

I can't recommend Doug and his team enough. Everything felt professional, safe and organized. Not only did I have a blast but I also learned a lot.

I was very excited but a little nervous prior to attending the event. Never doing anything like this, it was definitely a little bit out of my comfort zone. The staff was friendly, knowledgeable and did a great job getting us comfortable in the vehicles and on the track. During my ride along with one of Doug's team, I learned very quickly there is a certain finesse involved in driving that I was unaware until pushing the limits of a car on a road course. So cool.

If you are looking for an adrenalin burst and a unique experience this shouldn't be missed. Myself and the guys I went with all left with the "bug".

Mike Seebinger
